Dear Store Manager,

I am a customer who believes my consumer dollars should only be spent in ways consistent with principles that promote peace, justice, and equality. Therefore, I ask your store to stop stocking and/or using products made by Hewlett Packard companies, a brand which profits from illegal Israeli settlements and Israel's racial profiling and segregation of Palestinians, facilitates Israel's cruel siege of Gaza, and capitalizes on Israel's mass incarceration of Palestinians. More information on HP's violations of human rights can be found in this report from the American Friends Service Committee:

<http://investigate.afsc.org/company/hewlett-packard-company>

If you cannot make this decision on your own, please share my request with the corporate officers who can.

Thank you,

Dear Store Manager,
